The ASPCC Southeast Bike Program launched in November, 2015 to increase access to affordable, reliable, and sustainable transportation. Through the integration of long-term bicycle loans, education, and recreation, the Southeast Bike Program will enhance the physical and cultural development of students. As a resource for alternative transportation, we will minimize our campus and community environmental impact. The Bike Program is an important step in the PCC’s commitment to sustainability and reducing our impact on the environment.

We are here to help connect PCC Southeast Students to bicycles. We can loan you a commute-ready bike for a single term or multiple terms.

Bikes may be checked out for the duration of one or a maximum of three consecutive terms. A usage fee of $15 per term will be due at the time of the contract/check out.

Financial Holds: Bicycles are valued at $400 with their accessories. If not returned, a $400 hold will be placed on borrower’s account to cover the replacement expenses of the lost or damaged bicycle or accessories.
